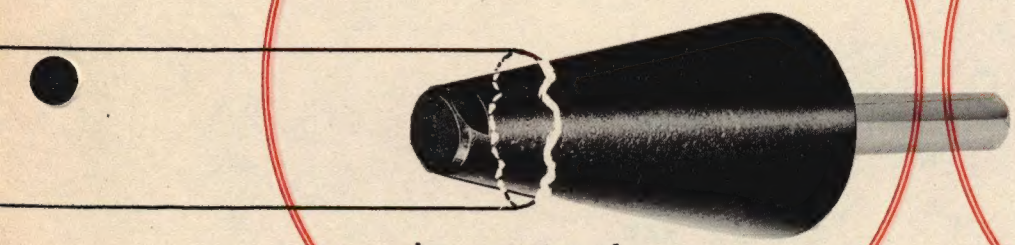
Lisle MT9

"round-up"

PIPE-END SHAPER

For Mufflers & Tailpipes

The MT9 rounds out pipes that are crushed or bent in.

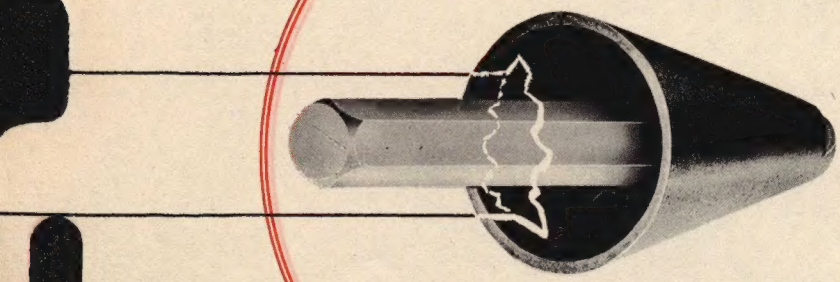


Insert point of cone in pipe. Tap with hammer to expand pipe to original size.

The MT9 Round-Up Tool rounds up crushed or flared muffler and tailpipe ends quickly and easily. Fast but safe - the MT9 beats old fashioned "knuckle-busting" methods.

The tool handle can be removed if necessary to reshape pipe ends with curves or other obstructions.

The MT9 reshapes pipes that are bent or flared out.



Place the big end of the cone over the pipe. Tap with hammer to return pipe to original size.
